

Only 2 Days More OF CLEAN SWEEP SALE Tomorrow and Monday

Only 2 days more of Clean Sweep Sale, and we intend to make them the biggest days of the whole sale. The extra specials for Monday you will find in Saturday's Herald—we list below the special values for tomorrow. Clean Sweep Sale has been a success straight through. But the final two days will surpass all others. Be here, without fail, tomorrow and Monday.

(Saturday Only) Lingerie Dresses at Half Price

\$28.50 Dresses
for \$13.95

It's really a little less than half-price. Tomorrow being the last Saturday of Clean Sweep Sale, we propose to make it the best day of the sale—in the way of business and values.

There are both high and low necked dresses in this extra special lot. They are made of the finest, sheerest summer fabrics—batistes, organdies and similar fabrics—and exquisitely trimmed with delicate laces and handsome embroideries. Many dresses have overskirt of the all-over embroidery.

These dresses come in white, blue and lavender. There are, literally, hundreds of different styles—in fact, there are scarcely any two dresses that are just alike. All sizes.

Regular \$28.50 dresses; tomorrow only we make a
Clean Sweep price of

\$13.95

\$7.50 Tailored Skirts \$3.95

If you don't need a tailored skirt for immediate wear, choose one of the more conservative models and put it away for fall service. These skirts are made of light weight all-wool materials—in black, solid colors and fancy mixtures. All the late models are represented—pleated, tunic and plain gown—both button-trimmed and self-trimmed. Regular \$7.50 skirts; Clean Sweep price

\$3.95

Silk Hose 50c

They look like silk hose, but in reality only the foot and ankle are silk, the rest is lisle. That's why we sell them for 50c a pair. Come in black only.

(Saturday Only)

\$5.00 Wash Suits \$1.00

Stylish, serviceable little suits—well cut and carefully finished. Made of a superior quality lisle, that washes well. Come in white and colors. For a "general utility" suit you can't do better than select one of these. Regular \$5.00 values; tomorrow only the price is

\$1.00

(Saturday Only)

\$6.75 Silk Kimonos \$3.95

Full length silk kimonos, edged with satin ribbon. Both sleeveless and long sleeved styles are offered, both the regulation straight kimono and the belted Empire style. A thin silk kimono is the only comfortable garment for these warm, sleepy afternoons—and these kimonos are so pretty no woman would mind being caught in one. Our regular \$6.75 silk kimonos; very special tomorrow only at

\$3.95

EXTRA!

\$40.00 Handmade Lace Coats for \$10.00

One of the biggest values of the whole Clean Sweep Sale. There are only two or three of these coats left—they make exquisite evening coats. Come in white and champagne. Worth to \$40.00; Clean Sweep price tomorrow and Monday is

\$10.00

New Potatoes and Pine-apples On Local Market

Look who's here. It's Mr. Dooley. Not the "dynamite" of the Dooley-Hennessy roundtable, but the author of the dinner table, fresh dooly potatoes. They came on the market during the week and are selling for 10 cents per pound and finding takers at that. Fresh pineapples are also on the market, retailing at 25 cents each.

After dangleling for a time at 10 cents per stalk, celery advanced to 15 cents, two for a quarter. Squash dropped from 10 to 5 cents per pound. Prices on other vegetables remain unchanged from last week.

Berries.
Blackberries...15c per box; 2 for 25c
Strawberries (California)...15c per box; 2 for 25c
Loganberries...15c per box; 2 for 25c
Raspberries...15c per box; 2 for 25c

Fruits.
Fresh pineapple...25c each

Celery Advances; Alfalfa and Grain Stationary

Elberta peaches...50c crate
Green apples...50c lb
Malaga grapes (white)...15c lb
Apples...\$3.50 to \$4 per 50-lb. box
Watermelons...15c per lb.
Cantaloupes...2 for 15 cents
Peaches (Texas)...20c per basket
Peaches (California)...20c per lb.
California Plums...15c per lb.
California Currants...15c box
Mexican Aguacates...3 for 25c
Lemons...25c to 30c per doz.
Limes...15c per doz.
Oranges...20c to 50c per doz.
Tangerines...15c to 20c per doz.
Apricots...2 lbs. for 25c
Bananas...35c to 50c per doz.

Vegetables.
Cauliflower...20c per lb.
Mustard greens...5c bunch; 3 for 10c
California peas...10c lb, 3 for 25c
Parsley...5c per bunch
Rhubarb...10c per lb.
Green chili...15c per lb.

Butter and Eggs.
Camembert, 25c; Imported...50c per can
Cheese, cream dairy...20c per lb.
Edam, small...15c each
Neufchatel...10c each, 2 for 15c
Pineapple...65c and 70c each
Roulette...60c per lb.
Swiss, Imported...40c per lb.
Limbarger...10c per lb.
Sage...10c per lb.
Circle Brand...10c each
Dutch Girl...40c per can
Brick cheese...25c per lb.

Pork.
Sirloin steak...20c per lb.
Rump steak...12c per lb.
Round steak...15c per lb.
Rib roast...15c per lb.
Beef liver...10c per lb.

Lamb.
Lamb leg...22c to 25c per lb.
Lamb racks (whole)...28c per lb.
Lamb loin chops...20c to 25c per lb.
Lamb shoulders...15c per lb.
Break pieces...5c to 10c per lb.
Lamb livers...10c each

Mutton.
Leg...17c per lb.
Rack...15c per lb.
Loin...18c to 20c per lb.
Shoulders...10c per lb.
Neck pieces...8c per lb.
Break pieces...6c per lb.
Crown roasts...20c per lb.

Leg.
Leg...18c to 20c per lb.
Chops...18c to 22c per lb.
Steaks...20c to 22c per lb.

The alfalfa and grain market remains from last week, the following

Bell pepper...25c per lb.
Cucumbers (fancy)...5c each
Radishes...5c two bunches
Beans, wax and green...10c per lb.
Beets, valley...10c per three bunches
Cabbage (valley)...5c per lb.
Celery...15c per bunch
Eggplants, southern...15c per lb.
Lettuce...10c head, 2 for 15c
Onions, green...2 bunches for 5c
Potatoes, white...5c per lb.
Spinach...5c per lb.
Squashes...5c per lb.
Tomatoes...15c per lb.
Turnips...5c per lb.
Watercress...5c per bunch
Roasting ears...30c doz.
Okra...15c per lb.

Nuts.
Almonds...20c per lb.
Brazil nuts...20c per lb.
Filberts...20c per lb.
Pecans...20c per lb.
English Walnuts...20c per lb.

Butter and Eggs.
Butter, fancy grade...25c per lb.
Eggs, Sunflower...20c per doz.
Eggs, ranch...40c per doz.

Cheese.
Camembert, 25c; Imported...50c per can
Cheese, cream dairy...20c per lb.
Edam, small...15c each
Neufchatel...10c each, 2 for 15c
Pineapple...65c and 70c each
Roulette...60c per lb.
Swiss, Imported...40c per lb.
Limbarger...10c per lb.
Sage...10c per lb.
Circle Brand...10c each
Dutch Girl...40c per can
Brick cheese...25c per lb.

Pork.
Sirloin steak...20c per lb.
Rump steak...12c per lb.
Round steak...15c per lb.
Rib roast...15c per lb.
Beef liver...10c per lb.

Lamb.
Lamb leg...22c to 25c per lb.
Lamb racks (whole)...28c per lb.
Lamb loin chops...20c to 25c per lb.
Lamb shoulders...15c per lb.
Break pieces...5c to 10c per lb.
Lamb livers...10c each

Mutton.
Leg...17c per lb.
Rack...15c per lb.
Loin...18c to 20c per lb.
Shoulders...10c per lb.
Neck pieces...8c per lb.
Break pieces...6c per lb.
Crown roasts...20c per lb.

Leg.
Leg...18c to 20c per lb.
Chops...18c to 22c per lb.
Steaks...20c to 22c per lb.

The alfalfa and grain market remains from last week, the following

quotations being in effect:
Alfalfa, wholesale...\$13 per ton
Northern Texas...\$15 per ton
Corn, wholesale...\$1.45 per ton
Corn, retail...\$1.75 per cwt.
Texas oats, wholesale...\$1.50 per cwt.
Chops, retail...\$1.65 per cwt.
Chops, whole...\$1.75 per cwt.
Bran, wholesale...\$1.50 per cwt.
Bran, retail...\$1.60 per cwt.

Peach ice cream delivered after supper. Phone the Elite.

INVENTS DEVICE FOR LEVELING SLAG DUMPS.
Douglas Mechanic Claims Machine, Operated by Electric Motor, Will Prove Great Time Saver.

A new machine for leveling the surface of smelter slag dumps has just been invented by master mechanic Alex Adamson, of the Copper Queen smelter, Douglas, Ariz. Slag from copper ore is hauled away in cars in huge pots and dumped away from the smelter, frequently leaving an uneven surface which is leveled by laborers with crow bars, picks and shovels. The new machine is claimed to be able to accomplish in less than two hours the work it required 15 men four days to do.

The device is similar in principle to the Quoniam machine, consisting of a shaft on one end of which is a pulley for receiving the power, and on the other end eight arms to each of which is attached a 30 pound steel hammer, all hammers reaching the same level. This shaft and equipment is on a flat car with the hammer and extending on the right side, the hammers covering a space of two feet between the track on which the car rests.

On the other end of the car is an electric motor which receives the current from the overhead wire that pulls the electric slag motors. When the power is applied the shafts and attached hammers make 500 revolutions per minute, which remove the projecting slag and leave a level space for moving the track.

MERRILL GOLD MINE NEAR COCHISE DEVELOPS RICH ORE

Cochise, Ariz., July 15.—The last ore body struck in the Merrill gold mine, northwest of Cochise, is proving rich. It was struck in a cross cut at a 70 foot depth, after running 60 feet. It was found to be all pay ore for a width of 10 feet. The ore is free milling gold and is estimated to contain 100 to 150 ounces of gold per ton. The mine is owned by the Merrill Gold Mining Company, which has returned \$180 to \$200 gold, and the entire ten feet in width averages 116 per ton, which can be mined and milled easily for \$3 per ton.

MINERS VISIT EL PASO.
L. R. Rudrow, general manager of the Lucky Tiger Combination Gold Mining company, of Sonora, and D. L. H. Forbes, who is formulating plans for a new power plant to increase the mill and cyanide capacity, who have been in El Paso, returned home Thursday night. It is stated that arrangements are made whereby power will be transmitted from Douglas, Ariz., for mill and hoists of the Tigre district.

**Keep The Complexion Beautiful
Nadine Face Powder**
(In Green Boxes Only)
Produces a soft, velvety appearance so much admired, and remains until washed off. Purified by a new process. Will not clog the pores. Harmless as water. Prevents return of discolorations. White, Flesh, Pink, Brunette.
By Leading Toilet Counters Or Mail. Price 50 cents.
MONEY BACK if Not Entirely Satisfied.
Prepared by NATIONAL TOILET CO., PHOENIX, ARIZ.
Sold by Kelly & Polard and Other Druggists.

NEW YORK LAWYER AMAZED AT MINE WEALTH

Visits Chihuahua Camps and Closes Deal for Big Property.

"I have just returned from a business trip—a hurried trip to Chihuahua," said Judge Floyd B. Wilson, of New York City, upon his return to El Paso, "and have seen more mineral wealth in place than one can conceive. I was the guest of A. L. Eaton, manager of the great Potosi Mining company, and of W. J. Mitchell, general manager of the mines of the American Smelting and Refining company in Santa Eulalia, near Chihuahua. I have seen in the subterranean vaults all the way from 25 to 50 million dollars worth of ore.

The Potosi Mines.
"In the Potosi mines are immense bodies of ore running 20 ounces of silver, of which the company is mining and shipping about 1000 tons a month and clearing \$5 gold a ton. The ores are silver, lead, zinc, carbonates, sulphides and calamine. The main deposits of zinc carbonate run as high as 38 percent and are found at 1700 feet depth. The holdings are the Potosi, Quince de Mayo, Santa Gertrudis, and Santa Ana mines in the Santa Eulalia range—a great limestone uplift with intrusive porphyries. Just to think of a mine yielding \$600 a day profit.

Other Mines Rich.
"In the same camp are the mines of the American Smelting and Refining company, comprising the Santa Dominga, Mina Vieja, San Nombre, Hidalgo, Valderosa, Dolores and San Antonio mines, covering about 300 pertenencias and producing silver-lead carbonates in great channels or caverns in the limestone. There are numerous shafts on the properties, some over 600 feet deep. I saw the great "death hole" in these mines where a cavern occurred 14 years ago, burying and crushing the native miners like rats—147 of them—in the 300 foot level. They have never been exhumed to this day.

"These vast cavernous excavations are among the wonders of the world. Untold millions have been taken from them. Great cathedral-like vaults, large enough to thrust your court house into, are mute witnesses of the immensity of those old ore deposits. The company recently struck a great chamber where the ore is blocked out into several million dollars. The lowest grade ore carries 20 ounces silver and rich streaks from 50 to 500 ounces. The ore is shot down to the railway on aerial trams and thence hauled to smelters."

Judge Wilson closed an important deal on some great old mines in the great canyon of western Chihuahua, called the Barranca del Corral, and expects to return next September.

LEAD AND ZINC ORES DUTIABLE

United States Appraisers Overrule Importers' Contentions.

In overruling the protests of the Consolidated Lead and Zinc Smelting and Refining company, the board of United States general appraisers decided that ores containing lead and zinc are dutiable, not only on the lead but on the zinc as assessed by the collector under paragraph 181 and 192 of the Payne-Aldrich tariff. The importers claimed that only paragraph 181 applied and that the assessment under paragraph 192 was an error.

BURT FILTER FOR MOGOLLON MINE

Will Increase Socorro Property Capacity—Entire District Active.

Mogollon, N. M., July 15.—At the Socorro mines the third Burt filter, a monster cast iron cylinder weighing over 10,000 pounds, fitted with filters, numerous valves and a massive door operated by hydraulic pressure, has been delivered on the Pannier Hill during the week. When installed it will increase the capacity of the plant 30 percent. Mine development in the lower levels continues in the same good grade of milling ore. The vein on 600 east has attained a width of 19 feet, while the west drift holds its width of six feet. The ore from both drifts is above the average. The June shipment of refined gold and silver bullion exceeded 32,000 ounces in addition to heavy consignments of concentrates. Approximately 3000 tons of ore were milled.

The Ernestine Mining companies has been shut down for general repairs and improvements the past two weeks. When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by all druggists.

The Store Where You Can Buy It For Less

The entire plant will again be in operation at an early date. At the Deadwood mines the sinking of the shaft continued until work was temporarily abandoned on account of the inflow of water, the large station pump not being installed on No. 4 station.

The Helen Mining company mine crew has been increased to 15 men which will be further added to in a short time, the work at present being cleaning out and retimbering portions of the old workings preparatory to general development. Good headway is being made on the installation of the pipe line up Whitewater creek.

At the Enterprise Mining company all work is being prosecuted on the main tunnel.

TEXANS FINANCE AN ARIZONA MINE

Whitetail Property Proves Greater Values With Depth.

Tombstone, Ariz., July 15.—Joseph Larrieu, a member of the board of directors of the Whitetail Mining and Milling company, has arrived in Tombstone from east Texas, where he has been interesting capitalists in the property.

It is situated in the Paradise mining district, located in the Chiricahua mountains of Cochise county. The Whitetail group consists of 17 claims under bond from Dorn & Gallahue, and eight claims adjoining which have been filed on belong to the company. It is the intention of the directors of the company to install machinery and conduct operations on a large scale.

Four feet of ore carrying about 10 percent copper at a depth of about 120 feet, is a showing made on the Whitetail group. There are also very good showings in the east drift, on the same level, there being from six to 18 inches of ore in two different places. The ore value in the west drift, most particularly copper is increasing as the drift proceeds. The vein at a depth of 40 feet is from two and a half to four inches in width. On the 120 foot level, by cross-cutting 20 feet from the shaft, it was found to be eight feet wide—a gain of from four to five feet in 80 feet.

The Whitetail property has three veins, within a radius of 40 feet from the shaft, and it is thought that one more vein will be encountered as depth is reached. The property is in the highly mineralized zone of the Paradise district. The shaft has an unusually good showing, being mineralized porphyry nearly all the way, improving in depth, and bottomed in rock that is almost ore, carrying from one to one and a half percent copper.

Besides the holdings of the company in the Paradise mining district, it has acquired a most valuable group in the Whetstone mountains of Cochise county. The company has also taken over the Newman & Gallen group consisting of two full claims and adjoining the Larrieu property. The group is considered by those familiar with it to be good as shipping ore is available on the surface and runs high in copper, carrying some gold. In the neighborhood some 2000 feet of development work has been done. It is the intention of the Whitetail management to put a force of men at work on the property and prosecute further extensive development work.

GREAT STRIKE IN TEXAS

Benson, Ariz., July 15.—The strike made by Ben X. Williams, manager of the Texas-Arizona company located north of Dragoon station, on the summit of the Dragoon range of mountains, about 20 miles east of Benson, is attracting more than ordinary attention. The last shipment on which returns have been received from the smelter ran 61 percent lead, 88 ounces silver and values in gold and copper, the net profit on the carload being \$2058.22, about four times as much as the car last preceding it. The higher grade ore was taken from the incline at a depth of between 50 and 100 feet, while the lower grade shipment came from less depth. Another carload of better ore is being shipped this week. It is reported that Williams has also struck a body of high grade zinc ore.

PRESIDENT WITHDRAWS COAL

Beverly, Lands in Territories. Taft has withdrawn several million acres of coal lands in different states of the west, bringing the total acreage of coal lands withdrawn made by him up to the enormous total of 71,513,588. The areas covered are as follows:

"Arizona, 161,280 acres; Colorado, 6,191,161 acres; Montana, 20,295,885 acres; New Mexico, 2,944,273 acres; North Dakota, 17,328,182 acres; Oregon, 192,463 acres; South Dakota, 2,870,287 acres; Utah, 5,814,297 acres; Washington, 2,207,967 acres; Wyoming 13,999,718 acres.

"The total of coal lands now withdrawn in the United States is therefore 71,513,588 acres."

A Pointed Question!

Where to buy hay, oats, grain, etc., etc. This question is satisfactorily settled if you decide to favor us with your orders. We carry a large stock on hand which assures prompt delivery. Also headquarters for fresh field, garden and flower seeds.
